At Spoke Sound our mission is to provide customers with beautiful sound behind a custom picture. We work hard to make sure our products are held to the highest standards of acoustic and visual beauty and have spent thousands of hours perfecting the speaker picture. We carefully handcraft each custom order out of Durango, Colorado.

# User Guide

## Setup:

1. Hang Swell on the wall like a standard picture
2. Charge Swell battery with provided cord (can be charged on wall or removed)
3. Flip switch on bottom of Swell to 'on' position (automatic pairing will begin)
4. Open Bluetooth settings on device you wish to connect and connect to "Swell"
5. Play desired media from connected source

## Tips and Tricks:

- Best sound results from placement on hard surfaces
- To connect to different device, simply disconnect from Swell and pairing will begin automatically
